

WE DO NURSING PHYSICALS for incoming GWC Nursing Students

We are experienced at helping you complete all aspects of your GWC Nursing Student physical exam requirements and paperwork

While each case is individual, most students need two to four visits to complete all physical exam items:

The 1st visit is the initial visit with nurse and includes a review of the paperwork, vital signs, vision and hearing tests, blood and urine collection, possible TB screening, and vaccines if needed (60 minutes). *Please bring all your Immunization records with you to your first visit.*

Subsequent visits will be needed for the physical exam with the physician (30 minutes), vaccines if needed, paperwork and TB screening, (several visits).

PRICES

We are non-profit and low-cost. Fees are subject to change. Vaccine fees are for each dose. **We accept checks, cash, Visa/Mastercard.**
